As you pass this information along to your neighbors, please be reminded that the officers might not be working the shift when you email an issue, might work overnight, or might have days off other than weekends. We separated the neighborhoods by shifts that we felt could best deal with the issues we are presently seeing in your neighborhood. Please be patient with the officer in allowing them enough time to respond to the non-emergency issue.

If you do not hear from the officer in a responsible amount of time, you may email me directly at j.salvaggio@leonvalleytexas.gov. Please feel free to contact me if there are any questions.

In Your Service,
